GRADING STANDARDS

GRADING PAPER MONEY

Gem CU or Gem Crisp Uncirculated - An almost but not quite perfect note. Above average but not perfect margins. Same flaws acceptable as Superb Gem CU. May or may not have fully embossed surfaces.

Choice CU or Choice Crisp Uncirculated - A very nice new note, but margins may be uneven. Paper may show light aging, with some handling marks evident.

CU, Unc. or Crisp Uncirculated - a new note with some minor flaws. The note may have some aging, pinholes, margins, may be shifted, handling marks will be evident, with one or two corner tip folds.

AU or Almost Uncirculated - A note similar to a "CU", but will have a centerfold and/or another light fold, corner fold, or bend in another area.

XF or Extra Fine - A lightly circulated note with multiple folds, duller paper and coloration with edge problems extant.

VF or Very Fine - A well circulated note that may have three folds, and may have handling marks and other minor distractions. Still relatively crisp and clean.

F or Fine - A note lacking in crispness and coloration. Fairly heavy circulation with edge problems extant.

VG or Very Good- Heavily circulated note with multiple problems.

We do not employ or endorse the use of numbers in grading. Using numbers implies that absolute lines of demarcation exist from one grade to the next. They do not. Rather, grading is an empirical endeavor; it is in no way a scientific discipline. When you receive notes from us or anyone else, you should decide if you are pleased with the notes you've received at the price you've paid. Buy only those notes that you are comfortable with in your own judgment. If you are uncomfortable, don't buy them, not from us or from anyone for that matter.

All notes are unconditionally warranted as genuine by Skyline. We are proud of our currency knowledge. Should any inauthentic note escape our eye, we will refund its purchase price at any time.

SATISFACTION GUARANTEED

You have a full 15 days from date of receipt to examine any note purchased from us by mail. If for any reason whatever, you are dissatisfied, you may return it for prompt refund or replacement. Any individual note removed from its holder is considered sold.

Our goal is to have satisfied customers. Let us know if you have a problem.

DISCLAIMERS: Please Read Carefully

NOTE GRADING. Note grading is a subjective practice. Use of grades or ratings when grading notes implies that absolute lines of demarcation exist from one grade/rating to the other; however, there are no clear lines of demarcation. Note grading is not a scientific discipline, but rather an exercise of the grading party's application of grading standards to its own subjective review of the note, its opinions, and its experience. Different grading parties may reach differing opinions as to the quality and/or value of a note. For these reasons, you should only purchase notes for (and by purchasing products from Skyline Coins, you acknowledge and agree that you are purchasing the note(s) for) your own collection and personal enjoyment and not for investment or resale purposes.

Limited Warranty; Disclaimer of Warranties. Skyline Coins warrants that all notes sold by Skyline Coins are genuine notes; however, you otherwise agree to accept the note in "AS IS" condition upon receipt. Notwithstanding the foregoing and provided that the note has not been removed from the original packaging that you received from Skyline Coins, any note purchased from Skyline Coins may be returned to Skyline Coins within fifteen (15) days of your receipt of the note(s) and Skyline Coins will refund the purchase price, exclusive of shipping and handling charges; no product which has been removed from its original packaging may be returned to Skyline Coins at any time.
